

Beautiful Custom-Made Tide Clocks

HGT1003 Time and Tide Clock

This combination instrument features a quartz clock movement and a high quality tide clock in one package. The wall-mounted unit is framed in solid wood with a glass cover. The frame is made from poplar wood that is given a quality maple finish. The clock movement runs on AA batteries. Dimensions: 9 inches wide by 17 inches high.

The background of each of our custom clocks is a nautical chart of any US coastal or Great Lakes area of your choice.

HGT1002 Brass Chart Tide Clock

This quality tide clock features a high quality movement. Beautiful wall-mounted solid brass frame and glass dome cover adds a classic touch to any room or boathouse. Requires one AA battery. 9-inch diameter.

The background of each of our custom clocks is a nautical chart of any US coastal or Great Lakes area of your choice.

HGT1004 Desk Series Tide Clock

This quality wood-frame tide clock features a high quality movement. The 6" x 6" size is well suited to the desktop, but both sizes may be wall-mounted. Requires one AA battery. Available sizes are 6" x 6" and 8" x 8".

The background of each of our custom clocks is a nautical chart of any US coastal or Great Lakes area of your choice.
